COMMISSIONER'S COURT

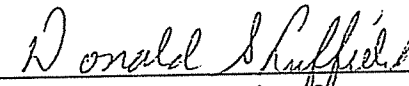

ORDER REQUIRING APPLICATION BE MADE FOR PIPELINE CROSSING PUBLIC ROAD

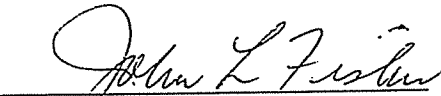

Pursuant to the authority established by §251.004, Tex. Transportation Code, no new constructing, installing, maintaining, operating, using, and/or repairing of a pipeline, main, or line for the transportation and conveyance of natural gas, oil, and/or other hydrocarbons across and/or under a public road or public road right-of-way in Milam County, Texas over which the Milam County Commissioners Court has jurisdiction and obligation to maintain in good repair for the purpose of use and travel by the public, without first completing an "Application for Pipeline Public Road Crossing Permit" as most recently approved by the Milam County Commissioners Court at the time such application is made along with making any payments of fees. One application shall be required for each contiguous section of aforesaid pipeline, main, or line. Upon completion of a properly completed application along with payment of any required fees, the Commissioners Court shall approve such application by order at a properly noticed meeting of the Commissioners Court. The Commissioners Court may require an overview map documenting all of applicant's proposed, constructed, installed, maintained, operated, and/or used pipeline, main, or lines on and/or under a public road or public road right-of-way in Milam County, Texas over which the Milam County Commissioners Court has jurisdiction and obligation to maintain in good repair for the purpose of use and travel by the public before approving any application.
